Jalan Ilmiah 1, 43000, Kajang, Selangor

14th April 2025

Hiring Manager,

I am writing to express my interest in the Experienced Professional position, as advertised via the career section on the website. My name is **Badrul Amin bin Hairul Kholidin**, and I am currently serving as an **Infrastructure Engineer** at **MyDigitalID Sdn. Bhd.**, with over three years of hands-on experience in IT infrastructure. I hold a degree in Software Engineering from UniKL MIIT and am enthusiastic about the opportunity to contribute to your esteemed organization.

In my current role, I have successfully deployed and managed Linux servers using Bash scripting, significantly enhancing system performance and reducing downtime. I have designed and implemented MyDID infrastructure tailored to specific project requirements, resulting in improved system efficiency. I am also actively involved in risk assessments and ensuring compliance with digital security standards and regulations.

My technical experience spans across platforms and tools such as Proxmox, TM Cloud, and AWS, enabling me to solve complex infrastructure challenges and deliver effective, reliable solutions. Additionally, I regularly coordinate with both internal teams and external stakeholders to align infrastructure strategies with project goals, while maintaining strict adherence to timelines and budgets.

Beyond technical skills, I am a proactive communicator and a collaborative team player who thrives in dynamic environments. I believe my adaptability and commitment to continuous improvement make me a strong fit for your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background and experience align with the goals of your organization. Please feel free to contact me at your convenience.

Warm regards,

Badrul
